Safety Confirmation Card

Evacuation Contact Information (　　)

(Back)

<How to Use This Card>

1. This card is to be used by each household as a sign (marker), so that in the event of a disaster such as an earthquake, the fire department, police, Self-Defense Forces, voluntary disaster prevention organizations, and others can confirm the safety of each household and carry out prompt rescue and relief for disaster-affected households. Store it so that it can be quickly taken out and used in an emergency.

2. If your household does not need to be rescued or require assistance when a disaster occurs, or when evacuating to an evacuation site, etc. and leaving the house vacant, please post this card in a place where it can be clearly seen from outside (excluding cases requiring urgent action, such as tsunamis or landslides).

3. If this card is not displayed at a household, it will be deemed that the household is requesting rescue and lifesaving activities, and rescue and lifesaving activities will be carried out.
